## Dickson Named NMU's Academic Vice President

MARQUETTE — Dr. David W. Dickson, a Phi Beta Kappa scholar who has served as dean of arts and sciences at Northern Michigan University, has been named Northern's vice president for academic affairs. The appointment, effective July 1, was announced today by Dr. Edgar L. Harden, NMU president, who said "I've had the privilege of working with Dr. Dickson for a period of 20 years and feel he is eminently qualified to guide the university's rapidly expanding educational program."

Dickson assumes the responsibilities that have been administered by Dr. Clarence Bjork, dean of graduate studies who has been acting vice president.

Prior to being named dean of arts and sciences in 1965, Dickson had served as chairman of NMU's language and literature department since 1963.

Dickson came to Northern from Michigan State University where he had taught 15 years. He was the first MSU faculty member to receive the university's distinguished teaching award.

A native of Portland, Maine, Dickson received his bachelor's degree, summa cum laude, from Bowdoin College and earned his master's and doctor's degrees at Harvard University. He was a teaching fellow at Harvard prior to joining the MSU faculty in 1948.

He returned to Harvard in 1955 for a year's study under a Ford faculty fellowship and studied for a year at Damascus

University, Syria, under a Smith-Mundt teaching fellowship.

While at MSU, he was chairman of the honors committee, college of arts and science, 1958-61, and was president of the Lansing Family Service Agency, 1961-62.

He was appointed to the Michigan State Council for the Arts by Gov. George Romney in 1963 and in 1966 was named a Bowdoin College overseer.

Dickson and his wife, Vera, have three children, David, Deborah, and Deirdre.

His parents, Mr. and Mrs. David A. Dickson, live at 51 Melrose St., Portland. Mrs. Dickson was Maine's Mother of the Year in 1950.

## Jonas Sjogren Taken By Death

MANISTIQUE—Jonas Sjogren, 80, 171 River St., Manistique, died at Schoolcraft Memorial Hospital Wednesday afternoon.

He was born in Sweden on June 13, 1887, and lived in Isabella for many years before coming to Manistique. Until his retirement, he was employed by the Bay De Noc Sawmills.

He was a member of the Bethany Lutheran Church in Isabella. His wife Goldie Mae died April 2, 1958.

Survivors include two sons, Francis Kalin of Plymouth, Mich., and Robert Sjogren of Greenfield, Mass.; and seven grandchildren.

Friends may call at the Kefauver-Jackson Funeral Home from 2 to 9:30 p. m. Friday. Services will be conducted at the funeral home chapel Saturday with Rev. Robert Harding officiating. Burial will be in the Moss Lake Cemetery.

## Fair Display To Feature Model Of Spacecraft

Science fiction fans in this area will soon have a chance to get a look at the one who debunked all those wild tales about little green men on Mars.

A full scale model of Mariner IV, the spacecraft which sent back the first closeup photos of Mars, will be shown Aug. 15-20, at the U. P. State Fair, according to Cliff Perras, secretary-manager of the Fair. Along with the mock-up is a panel with reproductions of photos and a description of Mariner IV's successful interplanetary study mission. The exhibit is on loan from the National Aeronautics and Space Administration.

The ungainly little "clover-leaf" space probe with the four solar panels is still whirling in orbit around the sun and still radiating back information. It was launched from Cape Kennedy on Nov. 23, 1964 and sent back its historic Mars photos almost eight months later.

THIS IS THE OLD TOWN PUMP in Redgranite, Wis., a community of 600, which expects to be inundated by as many as 10,000 persons this weekend when the village plays host to its high school graduating classes of more than 40 years. ## Brigadoon In Wisconsin

REDGRANITE, Wis. (AP)—"Think of Brigadoon waking up one morning to find itself in the middle of a freeway," said one awed architect of Redgranite's all-time high school reunion. "That's us, on Friday."

The 600 present residents of this central Wisconsin community, which went to sleep nearly 30 years ago when the world market for its beautiful building stone collapsed, decided this spring to invite the

classes of some 40 years past to a grand gathering.

They thought as many as 1,000 persons might return. But guess now is that there'll be 10,000 "meeting at the old town pump" on main street Friday, which may

be somewhat more than tax the facilities of a town with no motels.

Village President Roy Preston acknowledges that the response to the invitations mailed out to all alumni whose addresses could be located caught the village off guard.

"We have the usual class reunion every five years, of course," he said. "But this one will bring back people who never had a reason before."

"When you've got no motels, it is kind of rough," he said in a list of problems. "I hear all the motels over in Wautoma are booked, and lots of others in the surrounding area."

"Parking; that's going to be one of the biggest problems," he continued. "We paved nearly every road in town—about

4.5 miles worth. But if we park everybody, where are we going to hold the parade?"

Parade Chairman Henry Piechowski, at whom Preston said neighbors laughed when he predicted 10,000 visitors a few months ago, reported the Sunday parade's current roster contains more than 100 units.

With the businessmen in Wautoma wanting to add more floats, the mayor said.

And Preston has a private concern. He has been custodian of Redgranite School for 14 years, and is especially concerned about the welfare of his waxed floors.

"The school's going to be open to visitors, and that's going to mean quite a herd," he remarked casting a sympathetic glance also at the vulnerable petunia and dahlia garden he maintains in the school's front yard almost in line with the main entrance.

The reunion is to begin with a gathering at the still-operating town pump. The Lions

## Powell Blasts John Conyers

BIMINI, Bahamas (AP)—Adam Clayton Powell labeled Negro Rep. John Conyers, D-Mich., a "Black Judas" Wednesday.

"Only two black congressmen, Charles C. Diggs Jr. of Detroit and Robert N.C. Nix of Philadelphia have fought for the black people," Powell said. Powell said he did not consider himself a congressman.

"Detroit black people are bitter about the failure of their other black congressman, John Conyers Jr.," Powell said. "Conyers is the only black congressman who has a white man for his top aide."

"No wonder the black people burned his office. No wonder he was hit by a rock. He was a black Judas. He must be replaced," Powell said. During an explosion of Powell from Congress, Conyers moved to temper the punishment and voted against the resolution of exclusion.

## Looters Warned Of Drug Danger

DETROIT (AP)—Looters in Detroit today were told to destroy drugs taken from between 50 and 100 drugstores in the last three days.

They were warned that drugs damaged by water and fire are dangerous to health.

Federal and state authorities are in Detroit in an effort to run down stolen drugs. The first step will be contacting every drug store owner hit by the rioters.

Thomas A. Bantiem, chief deputy of the state Department of Licenses and Regulations said inspectors from his office will be joined by people from the Federal Food and Drug Administration in the effort under police protection.

## Riots Bi-Racial, Editorials Agree

By The Associated Press

America's newspaper editors almost to a man view Detroit's riot as an outbreak of bi-racial hoodlumism and endorse the use of federal troops to quell it.

Some, including the New York Times, were critical of political maneuvering by Republicans and Democrats during the early hours of the outbreak.

But for the most part the editors, according to a nationwide survey by The Associated Press, called for firmer leadership — as the Denver Post wrote — "older, wiser and more decent people to force the hot-heads to cool off."

Here are some samples of the nation's editorial opinion: NEW YORK TIMES — "The nation has cause for deep concern if the leaders of both political parties are unable to forget

political considerations when murder, arson and looting are sweeping some of its major cities. It is no disgrace to either the governor, a Republican, or to Mayor Cavanagh, a Democrat, that the situation in Detroit slipped out of local and state control. The fact that Gov. Romney may be the Republican presidential candidate next year may explain but not excuse President Johnson's nervous political posturing at this critical time. . . . the statement issued by the Republican coordinating committee is a flagrant outrage. . . . this shabby intelligence when it asserts that President Johnson's veto of a loosely drafted "crime control bill" for the District of Columbia contributed to an upheaval a thousand miles away in Detroit.

WASHINGTON EVENING STAR—The rioting in Detroit, which is just this side of anarchy apparently is being brought under some semblance of control. But it has exacted a fearful toll. Governor Romney and Mayor Cavanagh acted firmly on Sunday when the rioting began over a trivial incident. But it soon became evident that this was not enough and the governor asked the White House for help. The President acted quickly. The President's response was the right one.

CHICAGO DAILY NEWS—The contest for leadership of America's Negroes, and of the civil rights movement, has gone into a critical stage. The extremists are at least temporarily in control. They're having their try at smashing their way to racial equality. Except to satisfy the bloodlust of the instigators, it serves no purpose, of course. But who is to persuade the Negroes that there is another way except their own responsible leaders?

## Windsor Is Haven To Riot Refugees

WINDSOR, Ont. (AP)—This Canadian border city has become a haven for "refugees" from ravaged Detroit.

Police said many Detroiters, mostly Negroes, crossed the Detroit River in boats and were staying with friends or in area hotels or motels.

Border restrictions were eased somewhat as a measure of order was restored in Detroit.

About 5,000 commuters from Windsor were allowed to cross to Detroit by tunnel and the Ambassador Bridge to attend their jobs in the smoking, partly devastated city.

## Cellar Announces Insurance Study

WASHINGTON (AP)—A study of the automobile insurance industry to determine whether it should be brought under federal antitrust laws was announced by Rep. Emanuel Celler, D-N.Y., today.

Celler said the inquiry is based on more than 120 complaints he has received indicating "a broad cross section of the American people is gravely disturbed with the practices in the automobile insurance industry."

Though electric eels are blind, they avoid bumping into objects by means of a built-in radar system.

## Three Words Block Arab Repatriation

AMMAN, Jordan (AP) — A dispute over three little words—State of Israel—is blocking the repatriation of up to 200,000 Arab refugees who fled across the Jordan River during and after the Arab-Israeli war.

With only 14 days to go, no applications have been filled out for the refugees to return to the west bank of the Jordan, which Israel occupied in the June war.

The Jordanian government has been urging the refugees to go home but it is not yet known how many want to.

The Israelis announced that refugees could begin returning Aug. 10 provided their applications were approved after security and health screening.

Israeli authorities supplied 7,000 printed application forms to Roland Troyon, a representative of the International Red Cross committee in Jordan.

The Jordanian authorities refused to accept the forms because they were headed in English "State of Israel—Ministry of the Interior." The Jordanians considered this an attempt to

squeeze out recognition of Israel as a nation, something the Arab countries have refused to do since the Jewish state was established in 1948.

All but a few of the forms were returned to the Israelis.

Jordan earlier drew up its own form for would-be repatriates but Israel rejected them without explanation. The Jordanians are reported insisting

on a form headed by the Red Cross symbol and some such noncommittal wording as "application for repatriation."

The Israelis have indicated privately they would accept such a form if Jordanian officials negotiate directly with them. But the Jordanians feel this also would imply recognition of Israel and open them to certain criticism from the other Arab states.

There was speculation that U.N. intervention might be invoked to break the deadlock. Nils G. Gussing, touring the Middle East as Special Representative of U.N. Secretary-General U Thant's special representative, was reported aware of the situation.

## Marie Wilmotte Dies Today

Marie Wilmotte, 76, of 1421 Dakota Ave., Gladstone, died at 6:30 a. m. today at the Rabbity Nursing Home in Gladstone where she was a patient for the past three weeks. She was in failing health for two years.

She was born Jan. 13, 1891 in Belgium and came to the United States in 1919 and settled in Gladstone. For 39 years she worked as a housekeeper. She was a member of All Saints Church, the Ladies Guild, and the St. Ann's Society.

Survivors include three sisters, Mrs. Gigot, a twin sister living in Belgium, and Mrs. Ernest Tibergein and Mrs. Julia Corcoran of Gladstone; two brothers, Oscar and Albert of Gladstone, and several nieces and nephews.

Friends may call at the Skradski Funeral Home after 4 p. m. Friday. Parish prayers will be recited at 8 p. m. Friday. Services will be held at 9 a. m. Saturday at All Saints Church with Msgr. Matt Laviolette officiating. Burial will be in the Fernwood Cemetery.

## Air Service On Friday Uncertain

**BULLETIN**  
North Central today reported a tentative agreement with the International Association of Machinists Union subject to ratification of the union. Planes will fly Friday.

North Central Airlines hopes to be flying on Friday without interruption of its schedules but at noon today it didn't know whether it would be. It planned a statement this afternoon on the status of its contract negotiations, a spokesman for the airline in Minneapolis told the Escanaba Daily Press.

Negotiators of the airline and the International Association of Machinists and Aerospace Workers, AFL-CIO, have been meeting in Washington, D.C. offices of the National Labor Relations Board since Monday afternoon in a crash effort to reach agreement on terms of a new labor contract. Negotiations continued today. The machinists maintain the airline's planes.

"We have never had a strike since we began operating in 1948 and we hope there's not going to be one on Friday," a public relations officer of the airline said in Minneapolis today. "We are operating on the assumption that there will be no strike."

But the airline has furloughed its employees effective at the end of the working day tonight. North Central announced earlier this week that the IAM had broken off negotiations on a new contract after several months of talks and that the Labor Relations Board had brought the two sides together this week in the public interest.

The cooling off period for a strike under the Railway Labor Act ends Friday.

The airline serves major U.P. cities including Escanaba and nine states and Toronto, Canada.

**Briefly Told**  
Escanaba police have issued traffic court summonses to Ronald Henley of Chicago, no operator's license; and to James C. Clemens, 502 S. 17th St., speeding.

An immunization clinic will be held Friday from 2-4 p. m. at the Delta County building. Measles shots for children 1-14 years of age will be given.

OATH OF ENLISTMENT is administered to Douglas J. Nelson Jr., (left) by his father, Lt. Col. Douglas J. Nelson, U.S. Air Force, in Milwaukee on July 19. They are the son and grandson of Mr. and Mrs. I. R. Nelson of Bark River.

## Lewis R. Howe Dies Today

**MANISTIQUE** — Lewis R. Howe, 88, of Rte. 1, Manistique, died early this morning at the Schoolcraft Memorial Hospital.

He was born May 7, 1879 in Hastings, Mich. He spent most of his life in L'Anse and came to Manistique six years ago. In 1902 he married Leola Rose at Millersburg, Mich. He served in the Army during the Mexican War.

He attended the Methodist church and was employed as a woodsman. His wife preceded him in death on April 30, 1958.

Survivors include one brother, Edward of Manistique, and one sister, Mrs. Lola Bradley of Detroit.

Friends may call at the Messier - Broullier Funeral Home beginning at 7 p. m. Friday. Graveside services will be held Saturday at 2 p. m. at the Evergreen Cemetery in L'Anse.

## Merchants Help:

## Central Parking Plan Progresses

Escanaba's cooperative plan for the development of a downtown parking area "seems to be moving along," reports City Manager George Harvey.

The proposal is for a cooperative financing of the acquisition of a parking area on the south side of 1st Ave. N. in the 1100 and 1200 blocks.

The adjacent business property owners, the merchants and the city are to share in the cost of acquiring the area, and the city will improve the area for parking with surfacing and lighting.

**Moving Ahead**  
"My most recent reports indicate that Woolworths, Penneys and Wards will participate," the city manager reported to the Council.

"Representatives from Gables, Kresges and Neisers will be in Escanaba next week to look the project over and commit themselves one way or another," he added.

As soon as the information is complete, the manager and the merchants' committee which has been pushing the project will get together for discussions on next steps to be taken in implementing the proposal.

The city is proceeding with public works and other projects, Harvey continued.

Street paving is progressing and the tennis court at Rose Park is completed and "should be ready to go next week," he said. The fence around the court must be finished and the court lines painted and the nets erected.

The plans for the city recreation building to be constructed at the city waterfront site are being drawn by G. Arntzen Architects of Escanaba and should be finished next week, Harvey reported.

"The actual working drawings should be completed by Sept. 10 and ready for bidding by Oct. 15," he advised the Council.

**Seek Federal Grant**  
Cost of the new recreation building has been estimated at approximately \$300,000. It will be paid for from Catherine Bonifas Trust funds.

The city is continuing its efforts to obtain federal assistance for the recreation building project, and Howard Smale, administrative assistant, has taken to Chicago the city's amended application for a Neighborhood Facility Grant.

There is no plan at this time to include a swimming pool in the recreation building, because of the limited local funds. There is no federal funding for pools. However, if federal aid could be obtained for the recreation building, Catherine Bonifas funds might then be used for the construction of the pool.

The city manager said that he has instructed Paul Vardigan, recreation director, to assemble further information on swimming pool costs and their financing as background necessary to determine whether revenue bonding for a swimming pool is feasible.

Meanwhile the city beach at Ludington Park continues in maximum use, with the water safe for swimming, and the number of youngsters taking swimming lessons breaking all records.

## Father And Son Air Force Team

Douglas J. Nelson, Lt. Col. United States Air Force, administered the oath of enlistment for the Air Force to his son, Douglas J. Nelson Jr., in a ceremony in Milwaukee on July 19.

The younger Nelson, 19, who enlisted in the Air Force for the mechanical field, hopes to be assigned to aircraft or missile maintenance upon completion of his basic training at Lackland AFB, Texas.

Military life will not be new to Airman Nelson, since he has accompanied his father on various tours of duty throughout the world.

Col. Nelson, who has served on active duty for more than 25 years just completed a tour of duty at the Pentagon, where he served in the Directorate of Personnel Planning, Headquarters, USAF. His new assignment will be director of personnel for the 81st Tactical Fighter Wing, Bentwaters Royal Air Force Station, England.

His family will reside at 1222 1st Ave. S., Escanaba, until housing is available in England. He is married to the former Lucille Farrell of Escanaba.

Col. Nelson is the son of Mr. and Mrs. I. R. Nelson of Bark River. He graduated from the Bark River High School in 1938 and received his higher education degree from the University of Omaha.

## Northern Hikes Student Fees

**LANSING (AP)** — Northern Michigan University Wednesday became the eighth tax-supported college in Michigan to increase student fees.

At a meeting in Lansing, the University's board of control approved a \$80 tuition increase a year for resident students, boosting their total yearly tuition to \$460.

Nonresident students were hit twice as hard with an increase of \$180 a year putting their tuition at \$780.

The board also increased room and board fees by \$54 bringing the total to \$900 a year.

Campus apartment rents were hiked by \$5 a month bringing the monthly rates to \$77 for a one-bedroom, \$82 for a two-bedroom and \$117 for faculty apartments.

The board met in Lansing at the request of board member Edwin O. George, president of the Detroit Edison Co. George said he was unable to travel to Marquette because of the civil disturbances in Detroit.

The increases were attributed to higher operating costs and lower appropriations from the state than anticipated.

Other colleges and universities to announce recent increases in students fees are Michigan State University, Eastern Michigan University, Western Michigan University, Wayne State University and Ferris State.

## Mrs. Bergman Dies Today

Mrs. Edwin Anastasia Bergman, 71, of Bark River, died at St. Francis Hospital this morning. She had been a patient for one day.

The remains were taken to the Boyle Funeral Chapel and arrangements are incomplete.

## Mary J. Kidd Bride Of Paul J. Kangas

Mrs. Paul J. Kangas (Gordon Nelson Photo)

Mary Jean Kidd became the bride of Paul Joseph Kangas and bridesmaids were Marvis Erickson, Gail Ketola, cousin of the bridegroom, and Linda Nastoff, Escanaba. Junior bridesmaid was Paula Kidd, sister of the bride and junior groomsmen were Steve Milkiewicz, cousin of the bridegroom.

In the role of flower girl and ringbearer were Kris Schomin, Escanaba and Jeff Radecki, Petoskey.

**Peau Taffeta**  
The bride was attired in a gown of white silk peau taffeta. The princess bodice was fashioned with long tapered sleeves and portrait neckline. Alencon lace motifs decorated the skirt and bodice with sequins and pearls trim on the neckline and bodice.

The full bouffant skirt swept to a chapel train with a bustle bow in back. A flowerette of organza trimmed with miniature seed pearls secured her triple tiered elbow length bouffant veil of pure silk illusion and she carried a cascading bouquet of carnations with trailing stephanotis and ivy centered with a white orchid.

Maid of honor for her sister

**Nile Green**  
The bridesmaids chose floor length empire sheaths of Nile green organza over taffeta accented with flowing back panels. Their headpieces were matching Nile green bows with short veils and they carried cascading bouquets of white and pink carnations.

The junior bridesmaid and flower girl were attired in pink gowns similar to the bridesmaids and they also carried bouquets of carnations.

Bestman was Jim Fitzharris and groomsmen were Mike Kidd, brother of the bride, Pete Bertrand, friend of the bridegroom and Tom Kangas, brother of the bridegroom.

The bride's mother chose a dusty rose lace over taffeta dress with white accessories and she pinned a corsage of pink roses and carnations. The bridegroom's mother was attired in an aqua summer knit sheath with matching accessories and was presented a corsage of aqua and white carnations. Honored guest of the bride was her great-aunt, Mrs. Anna Eugate of Escanaba.

**Reception**

A reception was held at Teamsters Hall for 500 guests. Assisting at the reception were Mrs. John Turner, Denise Way, Cheryl Schomin, Renee Richards, Vicki Schomin and Cheryl Olson.

For their wedding trip to Lower Michigan the bride wore a flower print A-line skimmer with matching jacket. She was presented a white orchid corsage, a gift of the bridegroom.

The newlyweds will make their home in Mt. Pleasant. The bride is a 1965 Holy Name High School graduate and was employed at Harnischfeger Corp. The bridegroom is also a '65 Holy Name graduate and received his Associate of Arts Degree from Bay de Noc Community College. He will be a junior at Central Michigan University this fall.

Out of town guests attended were from Milwaukee, Detroit, Petoskey, Iron Mountain and Rock.

MISS BARBARA LEE DELVEAUX became the bride of James F. Sovey during a double ring ceremony performed Saturday, July 22 at the Holy Family Church of Flat Rock. Rev. Raymond Przybylski officiated at the nuptials at 2 p.m. Following a honeymoon trip to Milwaukee, the newlyweds will reside at Soo Hill. (Ridings Studio)

# Troops Remain; Detroit Bustles Back To Normal

(Continued From Page 1)

River to take haven in Canada. The morgue was so jammed that its normal procedures were abandoned temporarily.

Food was scarce in the 92-block West Side area, where the riot began along 12th Street, a main artery. This area is one of the few in Detroit that are inhabited almost exclusively by Negroes, who make up 30 per cent of the population.

The section lies six blocks west of the Fisher and General Motors buildings, both surrounded by the city's most exclusive shops. It is three miles north of the downtown financial section.

### Sniping In Daylight

Rooftop gunmen unleashed treacherous fire with the sun still high Wednesday afternoon. It was the worst daylight sniping of the riot.

A young soldier of the federalized Michigan National Guard said the muzzle blast of snipers' guns no longer gave away their place of concealment.

"They've gotten smart," he said. "They open a window a little, move away back in the room and then fire. They can snipe away for hours and you can't see them."

A policeman said of the sniping: "It looks organized, in groups of five or six."

Throckmorton said, however, he didn't think the snipers were organized. He added: "I may be made to eat those words some day. But that's the way it looks at this point."

### Helicopters Rushed

A force of 25 helicopters was brought in Wednesday from Ft. Riley, Kans. They were unarmed, their use as improvised bombers considered but rejected by the military.

Also used for sweeps 50 feet above the streets was a single-engine Army reconnaissance plane. If there were arms aboard, they were unused.

Special lights for use from the air were flown in from Texas at Throckmorton's request.

A National Guard officer called the combined air-land operation very successful.

But the hard, dangerous work of mopping up snipers fell to the ground troops.

"You have to dig them out," said Cyrus Vance, President Johnson's personal emissary in Detroit.

At Grand Boulevard and 12th, scene of a furious gun battle earlier in the week, soldiers set up a checkpoint. They stopped all cars, searching many for weapons.

### Flush Out Snipers

Nearby, a volley of fire from two tanks flushed three suspected snipers uninjured from a house.

Detroit was divided into two distinct battle zones. U.S. troops

and the mayor, and Rep. (John) Conyers had issued a statement saying the same thing. Still Washington was hanging back.

"It was obvious that there were political implications."

"It should have been obvious to everybody we needed federal troops right then. I told the White House that in very strong language."

Fifteen minutes later, Duggot a return call saying the President was going to move.

Romney reportedly still is smouldering over Johnson's televised explanation to the nation of why he sent troops to Detroit.

The governor believes the President gave an inaccurate version of the events in July. That Michigan needed about asking for federal troops.

### Called Inexorable

Johnson stressed in his TV appearance that the federal government acted because Romney had presented "proof of his inability to restore order."

Said the Detroit News: "Mr. Johnson went far beyond the requirements of the occasion to make it appear it was Romney's fault, or a result of Romney weakness."

"In this matter of life and death, with the safety of thousands of people at stake and hundreds of millions of dollars in property values going up in flames, it was inexcusable for the President of the United States to indulge in partisan politics."

### Hospital

Mrs. Anna Mae Carlson, 1120 7th Ave. S., is a patient at Swedish Hospital in Englewood, Colo. She underwent surgery last Tuesday. With her are her mother, Mrs. Lylia Diamond of Wells, and her sister, Mrs. Albert Mortier of Hancock.

SIDEWALK DAYS in Escanaba brought thousands of shoppers to the downtown business district on Wednesday for the special retail promotion sponsored by the retail division of the Escanaba Chamber of Commerce. There were amusements and entertainment for the children but the real centers of attraction were the displays of special sales items. (Daily Press Photo)

## Guard To Stay 'Indefinitely'

Exactly when Michigan National Guardsmen from the Upper Peninsula on duty in riot-torn Detroit will be able to return home remained uncertain today, despite the easing of tension in the Motor City.

"There is no forecast as to when they might be released," said Brig. Gen. John A. Johnston, Lansing, assistant adjutant general.

"They'll remain there indefinitely until things pick up," Johnston said. All Michigan troops in Detroit have been federalized and are under the command of Lt. Gen. John Throckmorton. He said because the National Guard has "lost control of its troops" there is extreme difficulty in even communicating with them.

### Morgue Overwhelmed

The county morgue in Detroit was overwhelmed with bodies — with riot victims augmented in grim array by the day-to-day natural deaths that form a somber pattern in any major metropolis.

"We're 48 hours behind in filing autopsy reports," said Interim Medical Examiner John F. Burton. "We just file a death certificate."

Property damage could climb as high as \$1 billion, once a full assessment is possible. Commercial buildings along 12th Street and other West Side arteries were charred, wrecked or totally consumed by more than 1,300 fires.

Some flames still flickered in the shells of gutted buildings. Smoke spiraled from others. The entire area reeked with the acrid taint of arsonists' handiwork.

White-owned property appeared to be the chief target. As in other American cities in this summer of sorrow and discontent, Negro-owned property bore identifying signs of "Soul Brother," or "Black Power."

### Garden Peninsula

Mr. and Mrs. Andy Tatrow and daughter Crystal of Muskegon visited at the Louis Farley home.

Mr. and Mrs. Michael Holly left for Omaha, Neb., after visiting the Alpha Thibaults.

### Dock Here

Boats that docked at Capt. Roan's yacht harbor at Burnt Bluff over the weekend were Harold Hoaks' "Blue Angel," from Appleton, Wis., Bruno Nordbergs', "Skylark," from Milwaukee, Jim Zirbes', "Blue Bottle," Milwaukee, Roy Anetsberger, "Polaris and the Westwind," from Chicago, William J. Nuss's "Cabinus," Fond du Lac, Mr. and Mrs. Jack Walgren's, "Nancy James," from Waukegan, Mr. and Mrs. R. E. Miller's "Sherry Lynn III," Wauwatosa, Jim L. Roan of Surgeon Bay, Wis.

### In Service

Airman 2/c Richard J. Whitburn, son of Mr. and Mrs. Wilbur R. Whitburn, 809 S. 13th St., Escanaba, Mich., is a member of the Central Communications Region's base personnel office which has been selected by Air Force Communications Service as the best of its type within the command. Basis of the selection was its outstanding record in handling the personal affairs and records of over 5,000 personnel in the region's 56 units scattered throughout the central United States. Airman Whitburn, a personnel specialist, entered the Air Force in Feb. 1966. He is a 1963 graduate of St. Francis Seminary, Cincinnati, and also attended Bay de Noc Community College and the University of Oklahoma.

## Doctor Is Sued For \$125,000 After Boy Dies

### MENOMINEE

The parents of a Rte. 1, Hermansville boy who died as a result of a gunshot wound in April, 1966, have filed a lawsuit charging malpractice against a Norway physician.

Mr. and Mrs. Willard Bellmore are asking \$125,000 damages from Dr. Willard Hayes for malpractice in his treatment of their son, Thomas, 12, after he was shot accidentally by his 14-year-old brother on April 5, 1966.

The boy died April 6, 1966. The death certificate for the boy states that he died of "peritonitis, following accidental perforation of the bowel by gunshot." The certificate was signed by Dr. John Heidenreich, Daggett.

The Bellmores, who are represented by the firm of Strom, Hoehn and Shipman of Escanaba, demand a jury trial.

According to information filed, the Bellmores took their son to the office of Dr. Hayes in Norway after the boy was shot by his brother. The suit charges that Dr. Hayes, after

### Kalamazoo And Albion Are Hit By Race Violence

By The Associated Press

New racial disturbances flared in Kalamazoo and Albion as police and citizen peace squads calmed the streets of seven other outstate Michigan cities Wednesday night.

A gang of more than 40 Negro youths joined smaller groups in stoning passing cars and smashing house and store windows at Kalamazoo. They set one fire in a gasoline station.

Police arrested 20 persons in the Southwest Michigan city. All were Negroes, including four girls. Mayor Raymond Hightower, who is white, and Negro leaders poured into the North Side trouble scene, imploring persons to get off the streets. Ten per cent of Kalamazoo's \$2,000 population is Negro.

Albion police said at least two gangs, each containing about 50 Negro youths, threw rocks at motorists and firebombed a vacant house and store. Officials clamped a curfew on the 12,700 residents of Albion, a central Lower Michigan city containing a heavy Negro population. Police said none of the Negroes was arrested but a white youth was taken into custody for his own protection after being found carrying a gun.

# Fair Queen Contest Opens

U. P. State Fair queen candidates are beginning to bloom in the 1967 contest field, encouraged this year with the promise of prizes for the queen and the two top runnersup.

For the first time the queen will be rewarded with a \$100 bond, and each runnerup will receive \$50, said Cliff Ferras, U. P. State Fair secretary-manager.

Mrs. Leney Clairmont, the queen contest director, said the prizes are expected to be an incentive in bringing additional entries.

"We are hopeful there will be a wonderful turnout this year, even better than last year, when Miss Cheri Maskart of Gladstone was chosen queen," said Mrs. Clairmont.

"Any qualified young woman may enter. All that is necessary is that she already be a queen in her home community and have a sponsor."

The candidates must be 18 to 22 years of age, inclusive, never have been married, and be a queen of a homecoming, sports event, or celebration in her home town.

To enter, all that is required is that the queen's sponsor write or call Mrs. Clairmont in Escanaba, 720 S. 10th St., and the proper entry forms will be mailed out. Often the sponsor is a service club, such as the Lions or Kiwanis or Rotary, or a local association or group.

The young woman who is chosen queen of the Fair will go to the Michigan State Fair at Detroit to represent the Upper Peninsula at the downtown exposition.

Judges for the queen contest to be held Wednesday, Aug. 16. They are Mrs. Ruth Chase and Edward Hurley of Escanaba, Mrs. Margaret Johnson of Iron Mountain, Dr. Rico Zenti of the Northern Michigan University, and Mrs. Margaret Whitman of Marquette.

Wallace Cameron of Gladstone will be master of ceremonies.

## Blood Donors Answer Pleas

### FERNDALE (AP)

The gunfire and flames are too distant to hear or see in Detroit's northern suburbs, but when the plea for emergency blood donations came, it was evident suburbanites felt deeply involved with Detroit's violence.

A long line of whites and Negroes ringed the Zion Lutheran Church in Ferndale Wednesday as a team of nurses and doctors from the National Red Cross took blood from victims of the rioting.

Some 250 offered; 200 qualified. The previous day 512 donors appeared at Birmingham's Toney Elementary School. Of these, 377 were accepted.

Blood banks in the Detroit area had been depleted by Tuesday afternoon and hospitals were desperately in need of more blood, said Dr. H. F. Raynor, director of the Red Cross team.

Cognac is so-called from the town where it is produced — Cognac, France.

## Prosecutor Asks Laws To Help In Suppressing Riots

### MACKINAC ISLAND (AP)

A proposal for stiffer anti-riot legislation—drawn up before Detroit's racial eruption began—was made today by Wayne County Prosecutor William Calahan.

Calahan asked the Prosecuting Attorneys Association of Michigan to be recorded as favoring a law making it a crime, in a riot situation, for a crowd to fail to disperse when ordered to by police.

Currently, Calahan said, nothing can be done if a crowd refuses to break up after the Riot Act is read.

Calahan remained in Detroit to help deal with the avalanche of arrests arising from the riot. His resolutions were introduced at the association convention by an aide.

He also asked the association to favor permitting police to make arrests for misdemeanors not committed in their presence and urged federal restrictions on interstate shipment of guns.

## Air Guard Takes Pictures Of Riot Troubled Cities

### DETROIT (AP)

The Michigan Air National Guard, ordered into action by President Johnson ended up taking pictures of the state's riot-troubled cities.

The orders went out at 1 a.m. Tuesday for the 1,200 men assigned to the 127th Tactical Reconnaissance Wing and the 191st and 127th Tactical Reconnaissance Groups to report to Detroit Metropolitan Airport.

At Battle Creek, the 110th Tactical Reconnaissance Group and Reconnaissance Technical squadrons were ordered to report.

The federalized guard received no additional instructions from Washington, but Col. Robert McMath, 127th Wing commander decided that the troubled areas of Detroit, Grand Rapids, Flint and Saginaw should be photographed as an aid to authorities.

More than 30 RF 84Fs were launched, photographing the troubled areas.

The pictures were sent to Detroit Mayor Jerome Cavanagh, the Pentagon and police officials.

## Stock List Posts Gains Early Today

### NEW YORK (AP)

The stock market continued to advance early Thursday in active trading.

General Motors climbed about 2 points, spearheading a fair advance by the industrials.

In the over-all list gains outnumbered losses by about 2 to 1.

Higher-prices glamor stocks continued to rebound from recent selling. Texas Gulf Sulphur and Xerox rose 4 and Polaroid 3.

United Airlines, up 3, paced a resurgent airline group.

McDonnell Douglas, up nearly 2, continued to respond to a jet plane order, as did Boeing, up about 1 1/2.

Scientific Data rose about 4 in brisk trading.

Gains of a point or so were made by Control Data, Stokely Van Camp, American Smelting, MGM and U.S. Smelting.

## Pope Paul Plans For World Synod

VATICAN CITY (AP) — Back from what he depicted as a wearying but satisfying journey to Turkey, Pope Paul VI settled today into his summer vacation routine of rest and study.

The Pope was driven directly to his summer residence at Castel Gandolfo, south of Rome, after debarking from the jetliner that brought him home from Turkey Wednesday night.

"We are a little tired," the 69-year-old pontiff told a crowd of reporters at Castel Gandolfo only a few hours after he trudged around the ancient Christian ruins of Ephesus, Turkey, in waiting 100-degree heat.

The Pope said he would take "a few moments of rest," then "turn to the much, much, much work" still ahead of him.

He is expected to remain at his cool retreat five or six weeks. During that period he will finish preparation of a

forthcoming document on reform of the Curia and of plans for the historic worldwide synod of Roman Catholic bishops to be held in Rome starting Sept. 29.

### Birth Control Issue

Also still before the Pope is the issue of birth control, the principal topic of study during his summer vacation last year. He has long postponed any declaration on whether the church will lift its anti-contraception rule.

It was not excluded that the Pope might spend some of his vacation time contemplating a possible new trip.

Returning on the Pope's jet from Turkey, Vatican aides commented on the pontiff's fifth journey abroad and said that he could be expected in the future to travel "just as often as he has in the past."

Looking back on the two-day Turkish trip, the Pope told the Castel Gandolfo crowd that God had blessed his meetings with officials of that Moslem nation and with Orthodox religious leaders, including Patriarch Athenagoras.

### Predicts Unity Advances

Predicting greater Christian unity advances, the Pope said the Orthodox leaders "showed themselves truly to be of such goodness and greatness of spirit as to let us foresee many other good things."

The Pope and Athenagoras both vowed to make personal sacrifices in setting an example for the flocks of their "sister churches," separated nine centuries ago by the great schism.

The sources said Turkish government officials at least listened sympathetically to Pope Paul's plea that they mediate between Israelis and Arabs in the Middle East crisis.

Pope Paul ended his Turkish stay with the visit to the coastal city of Ephesus, site of the Ecumenical Council which in 431 sanctioned the dogma of the Virgin Mary as mother of God.

## Georgia-Pacific Buys Kazoo Firm

PORTLAND, Ore. (AP) — Acquisition of Kalamazoo Paper Co. was approved Wednesday by directors of the Georgia-Pacific Corp.

Georgia-Pacific acquired the Kalamazoo, Mich., firm in a stock transaction valued at \$35 million. Kalamazoo Paper had sales of \$26 million last year.

Directors of the Oregon firm also approved acquisition of Williams Furniture Corp. and Southern Coatings & Chemicals Co., Sumter, S.C. A G-P spokesman said acquisition of these firms was valued at \$30 million.

The approval came after ground was broken in Portland for a 28-story G-P headquarters which will be Oregon's tallest building, 375 feet high. G-P, which has extensive timber holdings in the Northwest and the South, reported sales of \$659 million last year.

## Teachers Slow At Signing Up

LANSING (AP) — Less than one third of the teachers in the state's organized school districts have signed contracts for the school year starting in the fall, a State Board of Education member said here.

Leroy Augenstein, also a Michigan State University professor, said of the just under 900 school districts in the state 560 have some kind of union representation.

Less than 140 of these have signed contracts, he said.

"We should take immediate steps to insure that the rest of the teachers sign their contracts before school starts six weeks from now," he said.

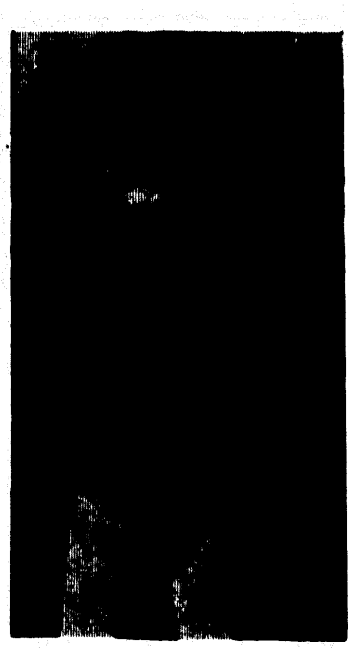

He said Detroit and Grand Rapids, where only one third of the area school districts have signed contracts, are typical.

"If 20 to 100 school districts are without teachers this fall, we are going to pay a very high price," Augenstein said.

"This would be a tragedy and doubly so in light of the present riot in Detroit. For many youngsters, the schools represent their only source of stability."

Augenstein said he will offer a resolution at the State Board meeting tonight requesting groups throughout the state to conduct their negotiations with the greatest possible speed and offering the aid of the board as a representative of the public.

Mark Spitz, 17-year-old wonder from Santa Clara, Calif., won the 200-meter butterfly in 2:06.42, shattering the world mark of 2:06.6 set by Australia's free style.

Kevin Berry in the 1964 Olympics.

Canada's 16-year-old Elaine Tanner snapped a string of five straight U.S. triumphs with a superb women's 200-meter backstroke effort of 2:24.44, smashing the world record of 2:26.4 set by South Africa's Karen Muir in 1966.

Miss Tanner also may dent U.S. aquatic superiority in tonight's five-event program which includes the women's 100-meter backstroke.

Also on tap are the 100-meter backstroke, 200-meter individual medley and 400 free style relay for men and women's 400-meter free style.

Uncle Sam's wrestlers could come close to sweeping all eight gold medals in tonight's closing competition, with Oklahoma City's Wayne Baughman already owning the 191-pound crown.

Before the swimming winds up next Tuesday, the United States may have grabbed all except two or three of the total of 33 gold medals.

The Yank track team which begins flexing its muscles in Saturday's opening finals including the 10,000-meter run, javelin and shot put is tabbed to take at least 18 gold medals on the men's 24-event program.

The U.S. basketball team Wednesday continued to make a walkaway of its quest for fifth straight Pan-Am title by whumping Peru 93-37 with five players hitting double figures.

The U.S. cagers now stand 2-0 after opening Tuesday with a 131-43 clouting of Colombia.

In baseball, the U.S. squad won its second straight game 8-3 over Puerto Rico and stand 2-1. The only Yank defeat came in a 4-3 opening loss to defending champion Cuba which Wednesday downed Mexico 4-1 to stand 2-0.

Other U.S. aquatic victories Wednesday all on Pan-Am record-breaking performances, were scored by Don Havens, 19, Granada Hills, Calif., in the 100-meter free style; 15-year-old Katie Ball, Jacksonville, Fla., in the women's 200-meter breaststroke; Pam Kruse, Pompano Beach, Fla., in the women's 200-meter free style, and springboard diver Sue Gossick of Tazana, Calif.

The Cleveland at Chicago game was rained out. Detroit and Baltimore were not scheduled.

Asked if he was thinking about bunting with Andrews up, Boston Manager Dick Williams replied:

"No. He caught me just like he caught Woody Heid."

The Red Sox stayed ahead of the Angels in second place with the victory and snapped California's seven-game winning streak.

Joe Foy followed the bunt with an infield hit, loading the bases, and Carl Yastrzemski singled.

Boston, which scored one run in the fourth, added insurance tallies in the eighth on consecutive homers by Conigliaro and Scott.

Jose Cardenal and Woody Heid each drove in two runs for California—Cardenal with a homer and single and Heid with a homer.

**Peppone Hits Two**  
Joe Peppone drove in three runs with two homers and Steve Whitaker two with a homer and single in New York's first game victory. Minnesota got its run on Bob Allison's leadoff homer in the first inning.

The nightcap threatened to go forever until Rod Carew walked in the 18th inning, stole second, went to third on Yankee catcher Jake Gibbs' bad throw and scored on Rich Rollins' infield hit.

Bill Monbouquette pitched nine innings in relief for the Yanks, retiring the first 21 batters he faced before being lifted for a pinch hitter in the 16th.

Jim Merritt went the first 14 innings for the Twins.

Home runs by Frank Howard and Ken McMullen helped Joe Coleman, 8-6, win his fourth straight game for Washington. Howard's homer was his 26th.

The case of the five holdouts of the Cleveland Browns, which has stirred the interest of most everyone in pro football, may switch from an all-for-one and one-for-all to a one-for-me situation Friday.

The case pits Art Modell, owner of the Browns, against Vicki Wooten, a guard from Colorado, Leroy Kelly, a running back from Morgan State, John Brown, a tackle from Syracuse, Mike Howell, a defensive back from Grambling and S.D. Williams, a linebacker from Southwestern Univ.

Their attorney is scheduled to meet Friday with counsel for Modell in a second attempt to reach a settlement. The five were scheduled to report to training camp last Saturday, but didn't show. They face \$100-a-day fines until they report.

The key issue appears to be the demand of the five that all of them must be traded if one is. Modell has said he would not agree to such a stipulation of vital concern to every front office.

Meantime, halfback Donny Anderson, a bonus baby from Texas Tech, worked out with the

## Tigers' Lineup To Have Kaline

BALTIMORE (AP) — When the action starts, the American League's two top hitters—Al Kaline of the Tigers and Frank Robinson of Baltimore—step off the field and out of uniform.

That's the way it's been since the two stars were injured exactly one month ago today. League rules say that once a game begins, a player on the disabled list cannot remain in uniform.

With the Tigers in Baltimore for a game tonight, Kaline is expected to start for the first time since he broke his hand ramming a bat in the rack.

**Eyes Damaged**

Robinson isn't so fortunate. He damaged some optic muscles when he smashed into Chicago's Al Weis trying to break up a double play. The nerves controlling Robinson's vision were shaken up in the collision and now he sees everything in double, vertical vision.

But he's hopeful.

"It's coming back to me, said Robinson. "I can see it getting better with every week. They said it could take as long as six weeks and it's only been four."

He can reduce the double vision to one image by closing his right eye, but that he loses his depth perception and still can't play. Hitting in batting practice, he must dip his head as if he were looking at the ball by gazing into a viewer.

With his head in that position, it is almost impossible for him to hit well—although this, too, is improving.

If Robinson's sight still hasn't cleared up in six weeks, there is the possibility of surgery, which is successful in three out of four cases.

Even though he's been sidelined for a month, Robinson still leads the league in hitting and is among the top five in home runs and runs batted in.

**Two Runs A Game**

"We lose two runs a game when he is out," said manager Hank Bauer. "One he drives in and one he scores."

In their 27 games without him, the Orioles have been held to two runs or less 15 times. "It's tough missing a chance for another triple crown," said Robinson. "But right now I'm more concerned about just playing again."

Manager Mayo Smith said he will send Denny McLain 11-11, to the mound tonight to face Baltimore's Bill Dillman, 5-3.

## Veale Weary But Pizarro Saves Game

By The Associated Press  
Bob Veale, weary from having struggled through a complete game just five days ago, discovered Wednesday night that he just couldn't turn the trick twice in succession.

With Juan Pizarro waiting in the wings, it couldn't have mattered less.

Veale, still relishing his first complete game in 16 starts on July 21, held Los Angeles at bay for 7-13 innings in the Pirates' 4-2 victory Wednesday. But then the familiar signs of non-completion set in and in came Pizarro to protect the big left-hander's 12th victory against four defeats.

Pizarro should go into the protection business. He came in with one man on and two balls on Ron Fairly. After completing the walk, he got down to business. Al Ferrara and Jim LeFebvre went down swinging, ending that particular threat, mild as it was.

**Cubs Lose**  
And in the ninth? First there was Bob Bailey. He took a third strike. Then there was Wes Parker. He swung at a third one. And last there was Jeff Torborg a swinger, but not a hitter.

In other National League action, St. Louis beat Chicago 4-2, Cincinnati bounced Atlanta 7-1 and rained washed out the second game of a scheduled doubleheader. Houston edged Philadelphia 3-2 and New York bonafided San Francisco 11-5.

Willie Stargell homered for the Pirates in the fourth inning, but the Dodgers came back to tie the score 2-2. Manny Mota singled in the run that broke the tie in the sixth and Maury Wills walked, stole second, went to third on an error and scored on a forceout for the final run.

The Cardinals extended their league lead to two games by downing the Cubs. Julian Javier drove in three runs, two with a homer, and Lou Brock stole two bases and scored twice. Nelson Briles, 5-4, was the winner, but needed ninth inning help from Jack Lamabe and Joe Hoerner.

**Girls Softball**  
Sportsman's Bar took over first place in the women's softball league Wednesday night by defeating Tim & Sally's 12-4 behind the pitching of Connie Verhamme. Darlene McDonough was the losing pitcher.

The former Syracuse fullback, who set an AFL rushing record with the Pats last year of 1,458 yards, declared, "I can now concentrate on just playing football."

Al Reynolds, guard on the AFL champion Kansas City Chiefs, suffered a ruptured blood vessel in his left arm during practice.

In another AFL development, the Miami Dolphins signed line-backer John Bramlett to complete a trade with Denver.

## Powers-Spalding Defeats Schaffer

The Escanaba Cubs today faced the near impossible task of winning five straight games in the next four days to retain their 11th District American Legion baseball title.

Menominee sent the Cubs into the tough loser's bracket of the double elimination tournament Wednesday night by rallying from a 5-0 deficit for a 6-5 victory.

Powers-Spalding advanced with an easy 16-5 victory over Schaffer behind the

Pitching of Doug LaCourse and the hitting of Tim Moran and Bob Mastie.

Powers faces Menistoue at Powers and Escanaba clashes with Schaffer at Al Ness Field in a pair of 5 p. m. games today. The winner of the Powers-Menistoue game will meet Menominee Friday while the loser of that contest meets the winner of the Escanaba-Schaffer battle.

Finals of the tournament are scheduled Sunday with the first game in the morning. If a second game is needed, it will be played Sunday afternoon.

By falling to the loser's bracket, the Cubs must then win twice against the tournament's unbent team to retain their championship.

After building a 5-1 lead in the top of the 5th inning behind John Way, the Cubs collapsed. Menominee chomped away with a single run in the bottom of the fifth, three more in the sixth and then added with twice and winning runs in the eighth.

Steve Kohrt, Menominee centerfielder, led the winner's attack with four straight hits. Dave Gokev batted in the winning run with a two-out double in the eighth, scoring Kohrt.

Escanaba's attack was led by Gregg Johnson, who had three hits and a walk in four trips to the plate.

Powers made quick work of Schaffer, rolling up a 7-0 lead in the first three innings and then coasted behind LaCourse. Moran slugged a triple, double and two singles and Mastie had a homer, double and single to pace Powers' 18-hit attack. Duane LaPalm and Don Kline had homers for Schaffer.

Karras has had some great ones, too. One of the lightest tackles among the pros, the nine-year veteran made all-Pro in 1960, '61, '62 and '65.

"Guess I've come a long way since the 1958 College All-Star game when Otto Graham called me the worst football player he'd ever seen. That boosted my confidence."

"And the Lion coaches about 'dropped dead,' said Karras. "I was only their No. 1 draft choice."

Main challenge will be the undulating greens.

Nichols said after shooting a 73 in the pro-am event, "I'm going to miss some short putts here, but I also know that everybody else will be missing them, too."

Previous classics were played at the old Keller course in St. Paul, noted for its short fairways and table top greens.

Julius Boros, another favored golfer at the classic, said, "At Keller a man would shoot 68 and feel bad. Here you can get a 68, three 71s and run away with first prize money."

Nichols said after shooting a 73 in the pro-am event, "I'm going to miss some short putts here, but I also know that everybody else will be missing them, too."

Boros still hasn't shaken this season's erratic putting.

The full field tees off today and Friday. Saturday the field will be cut to the low 60 and ties. The tourney winds up Sunday.

Pro-am winners Wednesday were amateur Bob Barbarossa of St. Cloud, Minn., Howard Johnson of Palm Springs, Calif., and R.H. Sikes of Cleveland, all with three-under-par 69s.

The New York Mets drew the best 1967 spring crowd in the National League on May 28 when they played a double header against the Atlanta Braves in New York. A crowd of 48,546 turned out.

## Surprise Bunt Defeats Angels

By The Associated Press

Mike Andrews had an idea and also a solution in case it didn't work. Happily it worked.

There were men on first and third with two out in the Boston sixth inning Wednesday night with Andrews at the plate. He bunted.

By the time surprised California third baseman Woody Heid fielded the ball Andrews was on first and Reggie Smith was home with the third run of the inning to tie the game 4-4.

The Red Sox went on to score three more times in the inning for a 7-4 lead en route to a 9-6 victory.

"It was my own idea," Andrews said. "If I would have popped it up, I would have just kept running."

**Twins Split**  
While Andrews was outsmarting the Angels, Washington was beating Kansas City 6-3 and New York split with Minnesota, winning the first game 6-1 and losing the nightcap 3-2 in 18 innings.

The Cleveland at Chicago game was rained out. Detroit and Baltimore were not scheduled.

Asked if he was thinking about bunting with Andrews up, Boston Manager Dick Williams replied:

"No. He caught me just like he caught Woody Heid."

The Red Sox stayed ahead of the Angels in second place with the victory and snapped California's seven-game winning streak.

Joe Foy followed the bunt with an infield hit, loading the bases, and Carl Yastrzemski singled.

## Five Browns Still Holding Out

By The Associated Press  
The case of the five holdouts of the Cleveland Browns, which has stirred the interest of most everyone in pro football, may switch from an all-for-one and one-for-all to a one-for-me situation Friday.

The case pits Art Modell, owner of the Browns, against Vicki Wooten, a guard from Colorado, Leroy Kelly, a running back from Morgan State, John Brown, a tackle from Syracuse, Mike Howell, a defensive back from Grambling and S.D. Williams, a linebacker from Southwestern Univ.

Their attorney is scheduled to meet Friday with counsel for Modell in a second attempt to reach a settlement. The five were scheduled to report to training camp last Saturday, but didn't show. They face \$100-a-day fines until they report.

The key issue appears to be the demand of the five that all of them must be traded if one is. Modell has said he would not agree to such a stipulation of vital concern to every front office.

Meantime, halfback Donny Anderson, a bonus baby from Texas Tech, worked out with the

champion Green Bay Packers for the first time since being released from Army reserve training. He is expected to challenge Elijah Pitts for the half-back post vacated by the departure of Paul Hornung.

The Philadelphia Eagles reported quarterback Norm Snead will miss two exhibitions because of military training and that tackle Bob Brown strained a chest muscle.

Jim Nance, the Most Valuable Player in the AFL last year, signed his contract with the Boston Patriots for what Mike Holovak coach and general

manager, said was a substantial increase.

The former Syracuse fullback, who set an AFL rushing record with the Pats last year of 1,458 yards, declared, "I can now concentrate on just playing football."

Al Reynolds, guard on the AFL champion Kansas City Chiefs, suffered a ruptured blood vessel in his left arm during practice.

## Brides, Rockets Drain Away Gold

WASHINGTON (AP)—The bride walking down the aisle and the rocket soaring into space are helping drain more gold from Treasury stocks this year than are foreign governments.

Use of gold is rising in everything from wedding rings to sophisticated and complex electronic and electrical circuits used in the defense and space programs.

During the first half of the year, the United States would have accumulated gold, the traditional monetary metal, had it not been for more than \$60 million in sales by the Treasury to private industry. Heavy industrial use of silver already has resulted in a minor crisis but officials foresee none for gold.

Treasury policy is to sell gold at \$35 an ounce to any foreign government wishing to cash in dollars. The Treasury earlier this month abandoned its policy of maintaining the price of silver at \$1.29 an ounce.

The lack of French conversion of any dollars into gold since last September and the absence of any other large international gold transactions this year focused attention on domestic consumption.

Treasury officials say overall domestic gold consumption last year hit a whopping \$212 million compared with \$97 million five years earlier.

This year the Treasury expects to sell more than \$100 million in gold to domestic industry for the third straight year.

Officials give these reasons for the heavy demand:

—The increasing population, with an ever-rising number of brides who demand wedding rings.

—Rising industrial use, especially in the space and defense programs. An official said few people realize gold is an even better conductor of electricity than silver. Many government contracts now specify gold for electrical and electronic work.

## County Highway Project Starts At Stonington

Work has started on a county highway construction project in Delta County. The State Highway Commission reported.

The project is 3.5 miles of surfacing on County Road 511 from U. S. 2 south near Rapid River. Work on the \$22,862 project is being done by the Delta County Road Commission. Acting State Highway Director Henrik E. Stafeth announced the appointment of Edward P. Sabotta of Gladstone as project engineer.

Cost of the project is shared equally with federal and county funds with technical assistance furnished by the Highway Department. Work is expected to be completed in September.

## Munising Band Ceases To Toot

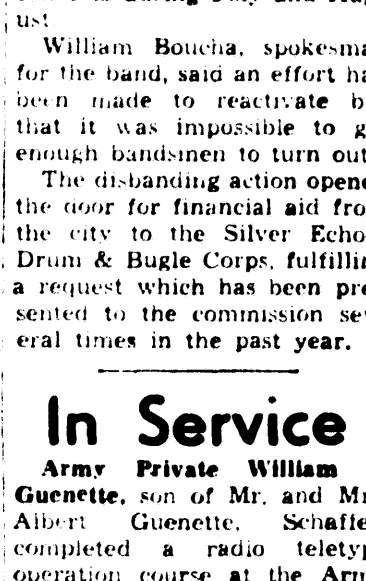

MUNISING — The city's band, organized in 1950, has been disbanded by the city commission.

Band officials had been notified by the city fathers that they would have until July 1 to reorganize so they could meet the requirements laid down by the city charter.

This included marching in the Fourth of July parade and the presentation of public band concerts during July and August.

William Boucha, spokesman for the band, said an effort had been made to reactivate but that it was impossible to get enough bandmen to turn out.

The disbanding action opened the door for financial aid from the city to the Silver Echoes Drum & Bugle Corps, fulfilling a request which has been presented to the commission several times in the past year.

## MANISTIQUE

### Free Election Help Accepted

The Manistique Area Board of Education heard various citizens, teachers and students speak at its special meeting Tuesday night in which it was decided to resubmit a proposal for five mills in the Aug. 28 special school election. The proposal will be for two in-kind of five years duration.

During the meeting the board

instructed that its football training program be started, as had been planned.

An offer was accepted for volunteer election inspectors to serve at the school election. Mrs. Foster (Margaret) Cain, election deputy, said eight persons have called, some from the townships and some from the city, volunteering to serve in the election without charge.

Those who customarily serve at school elections will be contacted to provide them an opportunity to serve, Mrs. Cain said.

The board adopted a resolution providing that no tuition payments will be made for students attending other district's schools.

Denton Nelson, board president was empowered to appoint advisory committees to help with the election.

The students who spoke to the board during discussion of what parts of the school program would need to be curtailed if millage is not approved indicated they felt increased charges for equipment rental and for spectators would provide some additional revenue.

Some parents indicated they would pay the amount of the deficit per pupil which the school incurs in its athletic program.

### Varnum Wants Education Aid By State Boosted

State Rep. Charles H. Varnum (R-Manistique) has urged reconsideration of Senate Education Bill 72 in a telegram to Governor Romney. Varnum called on the Governor to make this an item of business when the Legislature comes back in special session expected to be called in October.

Varnum said that he voted against the measure because he felt that cutbacks in the education bill represented a real detriment to his district. Varnum said that he was for tax reform and voting for it, and also so was for spending reform, but called transportation cutbacks a particularly "backward step" in our fine educational program.

Since voting "no" on the measure, Varnum said, talks with constituents convinced him that his vote was justified. He said he favored more funds for school transportation as the present allowance is insufficient to care for natural growth. He said \$2 million more is needed also for remedial reading, a total addition of about \$4.5 million to keep these two programs effective.

### Inland Income Dips In Quarter

Inland Steel Co. today reported that its earnings for the second quarter improved slightly from first quarter levels despite a drop in sales volume. However, sales and earnings were well below last year for both the quarter and the half.

Second quarter earnings were \$11 million, or 61 cents a share, on sales of \$241 million. This was an increase of 2.7 per cent from first quarter earnings of \$10 million, or 60 cents a share, reported on sales of \$249 million.

Chairman Joseph L. Block said that demand for steel mill products declined during the quarter, while costs increased. As a result of a lower volume, raw steel production and mill shipments were also below first quarter levels.

Block announced that at the end of June Inland borrowed \$50 million from five major Chicago banks on a one-year basis, subject to extension for an additional year at the company's option. The loan was executed to provide funds for anticipated working capital needs as well as previously planned capital expenditures. Inland announced two major construction projects earlier this month. A cold rolling mill and related facilities will increase cold rolled sheet metal steel capacity by two-thirds by late 1970.

Plans were also announced for a taconite ore mill pelletizing plant at Black River Falls, Wis., which will provide 750,000 tons of iron ore pellets annually to meet expanding raw materials requirements of the company's principal steel mill at East Chicago, Ind.

### GM Reports Earnings Dip

DETROIT (AP) — The giant General Motors Corp. Wednesday reported a decline in earnings for the second quarter and the first half of 1967, compared with 1966.

Sales, however, were up for the second quarter, compared with the second quarter of 1966. Net income for the second quarter was \$522 million, equal to \$1.82 per share. This compares with \$546 million or \$1.90 a share for the second quarter last year.

Earnings for the six months equaled \$922 million or \$3.17 a share, compared with \$1.1 billion of \$3.90 a share in 1966.

Sales for the second quarter, however, hit \$5.6 billion, up from \$5.5 billion for the first three months of last year. For the first six months of this year, they totaled \$10.4 billion, down slightly from the \$11.2 billion in the first six months of last year.

However, Board Chairman Frederic Donner and President James M. Roche told stockholders the picture was encouraging. They said the monthly sales trend for new GM trucks and cars was rising, with sales in each month exceeding those of the previous month by a margin greater than the normal seasonal increase.

### Student Security

Social security benefits are payable to a student age 18 through 21 only as long as he continues to be a full time student, says Arnold Williams, Social Security district manager in Escanaba. Students must notify the Social Security office if they do not intend to continue full time schooling.
